

Mission Statement

- To Manufacture the highest quality EIFS, stucco and related products (coatings, adhesives, etc.) available in the market.
- To be the service leader of our industry in the region and areas that we market our products.
- To be respected in our industry because of honesty and integrity within our ranks.
- To encourage our employees to set the highest standards possible for their careers and their personal lives by supporting them through education, training and sharing any God given wisdom we may obtain. To compensate all employees in such a way that they can support themselves and their families in a comfortable manner.
- To seek God's guidance in all decisions, and to give Him glory for any results.
