

# DISTRIBUTOR UPDATE

---

## TINTING POLICY

---

Due to increased production of tinted materials, it has become necessary to reinforce the following policy:

Master Wall, Inc. reserves the right to ship and bill for up to seven percent over the original order quantity for any tinted material. For example, if a customer orders 100 pails of tinted finish, Master Wall, Inc. may ship and bill the customer 107 pails, dependant upon batch yield. The maximum that Master Wall, Inc. would charge for an order is 15 pails. For example, if a customer orders 400 pails of tinted finish, Master Wall, Inc. may ship and bill the customer 415 pails, dependant upon batch yield.

This policy applies to all Master Wall, Inc.'s standard colors found in the Superior Color Selector color chart and to any special colors.

Thank you for your cooperation in this matter.
